Dear Tiana Solis,

The Center for the Advancement of Teaching (CAT) established a Thank-a-Prof program so that students can express their gratitude for the important and difficult work that you do.

Nicole Cruz in of Summer 2021

“Professor Solis, I cannot thank you enough for all of your help. When I took Intro to Computing, I was completely lost and had no idea how to achieve my academic and professional goals. Now, I am a TA for my all-time favorite professor and I am a Flit-gap scholar. These experiences have helped me grow tremendously and now I feel confident that I am on the right path. You are an incredible professor and mentor and I am eternally grateful for all of your help! :)”

We want to congratulate you and add our thanks to your students. Your important work in the classroom is fundamental to FIU’s ability to offer our students the education they deserve. We applaud your dedication to your students’ learning and hope we’ll be able to continue working with you in the years to come.

Sincerely,

Leanne M. Wells
